# 1a. Informal Interview with Candidate (15 – 20 minutes)

| Based on requirements of meeting the HCPC SETs. STANDARD MET:  | Υ           | N           |
|--|-------------|-------------|
| Describe your formal trust and departmental induction process.   | $\boxtimes$ |             |
| How were you made aware of the location of the policies on equal opportunities and anti-discrimination?  | $\boxtimes$ |             |
| Describe what you should do if you feel that you may have been discriminated against or if you have concerns about the safety and well-being of service users. | $\boxtimes$ | □,          |
| How were you made aware of the grievance procedure and how to initiate it?   | $\boxtimes$ |             |
| Do you feel you have followed a structured training programme?   | $\boxtimes$ |             |
| Was your training supportive to satisfy all of the above?  | <b>×</b>    |             |
| Were there any difficulties in delivering your training?   |             | $\boxtimes$ |
| Were there any other trainees?   | $\boxtimes$ |             |
| Was all the training done on one site?   | $\boxtimes$ | , 🗆         |
| Was there any rotation or collaboration with other departments?  |             | $\boxtimes$ |
| Can you give examples of being able to take part in inter-professional learning? (learning with and from other professionals)?                                 | $\boxtimes$ |             |

1b. Specific requirements to confirm standards for IBMS Approval for Pre-registration Training are being met.

| Based on requirements of meeting the HCPC SETs. STANDARD MET:                 | Υ           | N |
|---|-------------|---|
| Was a copy of the training programme made available?                          | $\boxtimes$ |   |
| Does each trainee have a nominated HCPC registered training officer/mentor?   |             |   |
| Do they have access to current textbooks and journals?                        | $\boxtimes$ |   |
| Do they have access to a quiet area for study?                                |             |   |
| Does the Department have a training notice board? (wall or electronic)        | $\boxtimes$ |   |
| Does the Department have a Health & Safety notice board? (wall or electronic) | $\boxtimes$ |   |

| Did the candid process? | late or t | raining o | fficer wish | n to make any f                     | urther cor | nments abo | ut the trai | ining |

| an effect.              |           | _         |             | ng process. Give<br>e training team |            |            |             |       |
|                         |           |           | , .         |                                     |            |            |             |       |
|                         | ,         |           | )           |                                     |            |            |             |       |
| <i>:</i>                |           |           |             | •                                   |            |            |             | •     |

Please include your comments below on the candidate's disposition, only if you feel it may have affected the verification process. Given that the verification process was carried out virtually it was difficult to judge how XXXXXX was feeling. However he seemed to enjoy the process and appeared to be at his ease. He seemed confident and gave a very good account of himself.

2. Verification of the Registration Portfolio (maximum length – 90 minutes)

|   | COMMENTS         |  |

Please indicate the range of evidence provided, highlighting any strong or weak areas.

This was well covered with lots of different types of evidence.

He covered: HCPC, CPD, with good apposite reflections. Well annotated evidence with examples from her practice. Personal examples of how he maintains his fitness to practice.

A good example of when he had reached his level of competence. A good account of audit and a reflection on an audit in which he had been involved.

| SECTION 1 —                           | Module 2: Equality | y and Diversity  |

### **COMMENTS**

Please indicate the range of evidence provided, highlighting any strong or weak areas. All aspects of equality and diversity were covered with a very good reflection of how E and D applies in the workplace. A clear understanding of protected characteristics, all the terms and polices involved. He attended an E and D on line training course. Aware of the types of discrimination and how to mitigate them.

A personal statement on his personal application of E and D in practice.

| SECTION 1 – Module 3: Communication                            |                  |  |  |  |
|--|------------------|--|--|--|

### **COMMENTS**

Please indicate the range of evidence provided, highlighting any strong or weak areas.

This was well covered with lots of different types of evidence.

Some very good evidence, a series of scenarios where effective communication is vital, some of which could have been challenging. This clearly demonstrated the necessity of accurate and correct communication.

He covered all the types of communication encountered in the lab handover books, emails, different types of personal: verbal and none verbal communication. This was well illustrated

### COMMENTS.

Please indicate the range of evidence provided, highlighting any strong or weak areas.

All aspects of IG and patient confidentiality covered.

The importance of maintain confidentiality. How IG is effectively applied to a clinical laboratory. Well aware of Caldicott and the roles and responsibilities involved.

Scenarios where records had to accurately recorded for audit purposes.

The importance of appropriate information with regard to the samples and the patient. How importance accuracy is as some data from patient information is legally required.

| SECTION 1 – Module 5: Professional Relationships |             |                                |  |  |

### **COMMENTS**

Please indicate the range of evidence provided, highlighting any strong or weak areas.

The importance of the contributions from the many health care professionals to patient care. Illustrated this with an account of a sample journey through the department and everyone that is involved in that process.

Provided a questionnaire on how the users viewed the department and how they dealt with samples.

### IMPORTANT:

The candidate must produce a reflective statement on how the engagement with service users and learning with and from professionals and learners in other relevant professions has contributed positively to their professional development (HCPC SoP 9.3, 12.2)

Please comment specifically on this in terms of identified outcomes.

XXXXXX had provided a good reflection on how he had applied what he had learnt in the laboratory through interactions with other health care professional and how this contributed to her role, contribution and understanding. How the various staff members she encountered had assisted in providing the service for the patient.

# SECTION 2 - PROFESSIONAL PRACTICE

# SECTION 2 - Module 1: Professional Knowledge

| HCPC STANDARDS OF PROFICIENCY   | STANDARDS | PLEASE INDICATE WHICH (IF ANY) |

| COVERED   | MET       | STANDARDS HAVE NOT BEEN MET    |
| Knowledge standards SoP numbers: 13, 13.1, 13.2, 13.6, 13.7, 13.8   |           |                                |
| Competence standards SoP numbers: 14, 14.14, 14.17, 14.18, 14.19, 14.20, 14.21, 14.23, 14.24, 14.25, 15.6 |           |                                |

### **COMMENTS**

Please indicate the range of evidence provided, highlighting any strong or weak areas.

Gave an account of how the laboratory stores and disposes of samples. This was covered in some depth. However I feel that although this demonstrated some "professional" knowledge this piece wold have been better placed in Section 1 module one.

A good account of anaemia, in its many manifestations. The tests involved in the diagnosis complete with an interesting case study.

Gave an account of the tests performed in the laboratory and why they are performed.

Version 6 (09/19)

This is an opportunity to observe the training environment and candidate's knowledge and understanding of the service delivery. The candidate should be able to demonstrate an understanding of the routine service and respond correctly to pro-active questioning.

The criteria below should be verified in accordance with the knowledge and understanding of the candidate in respect of the discipline(s) in which their training has taken place.

| CANDIDATE ABILITY  | STANDARD<br>MET | STANDARD<br>NOT MET |
|--|-----------------|---------------------|
| Candidate was able to show they knew the correct procedures for handling specimens, pre and post analysis.                   |                 |                     |
| Candidate was able to show a knowledge and application of health & safety requirements.                                      |                 |                     |
| Candidate was able to show they knew how to use the main laboratory computer system in accordance with service requirements. | ×               |                     |
| Candidate was able to show they knew how to operate equipment used in the preparation and analysis of samples                | ×               |                     |

The Institute has published 'Clinical Laboratory Standards' for the approval of laboratories for preand post- registration training. Based on these criteria, the laboratory tour also gives the external verifier an opportunity to judge whether the laboratory has the appropriate requirements for training against the standards below.

# **RECOMMENDATIONS:**

Please note this is meant to be constructive and helpful where you are able to suggest <u>one or two</u> areas where future training may benefit.

Recommendations must be consistent with IBMS guidelines for registration training and portfolio completion.
